LeetCode: <https://leetcode.com/u/iteshxt>

Software Developer with experience in **full-stack development and AI applications**. Skilled in building scalable web platforms, fine-tuning **large language models**, and integrating third-party **APIs**. Strong foundation in **Python, JavaScript, C++**, and **modern frameworks**, with hands-on deployment of end-to-end projects..

## Project/Work Experience

**Full Stack Developer (Freelance)** — Sutr Clothing | [sutr.store](https://sutr.store) | Remote

*APRIL 2025 – PRESENT*

- Building a full-stack **e-commerce website** using **Next.js, MongoDB, Firebase, Razorpay API, and Ekart API**.
- Implemented **secure payments (Razorpay)** and **logistics tracking (Ekart)**.
- Designed and deployed an **Admin Dashboard** for product, order, and user management.
- Developed responsive and scalable UI with **Next.js and Tailwind CSS**.

**Dia Therapist | Voice-Enabled AI Mental Health Assistant** | [HuggingFace Model](#)

*JAN 2025 – PRESENT*

- Curated and fine-tuned a **therapy-focused dataset** built from scratch for empathetic conversations.
- Trained a **custom conversational LLM (Qwen 2.5 7B Instruct)** on the dataset to enhance context awareness and response quality.
- Built and deployed a **Flask API and frontend** for seamless real-time chat integration.
- Added **speech-to-text (Whisper)** and **text-to-speech (Kokoro)** to enable a fully voice-enabled mental health assistant.

**Dia Moderator | AI-Powered Content Moderation Platform** | [Website Link](#)

*FEB 2025 – MARCH 2025*

- Built a **React.js dashboard** for centralized moderation across **Discord, Telegram, and WhatsApp**.
- Implemented **real-time profanity and spam detection** with configurable thresholds.
- Integrated **Google Gemini 2.0 AI** for automated conversation summarization and moderation insights.
- Designed **scalable moderation workflows** to handle multiple platforms through a single interface.

## Technical Skills

**Languages:** Python, C++, JavaScript, TypeScript

**Frameworks/Libraries:** Next.js, React.js, Node.js, Express.js, Tailwind CSS

**AI/ML:** HuggingFace Transformers, PyTorch, NLP, Model Fine-Tuning

**Databases:** MongoDB, Firebase (Auth & Storage), MySQL

**Tools/Platforms:** Git, Docker, REST APIs, Flask, FastAPI, Railway, Vercel, AWS (basic)

## Education

- **B.Tech in Computer Science & Engineering**  
Lovely Professional University, Punjab | *Jul 2023 – Jul 2027*

**CGPA: 8.48**

- Member, **AWS Cloud Club LPU**
